

## Assembly Instructions

# MARELLA OTTOMAN

### *Hardware*

1-1/4" flat washer (H1)

### *Assembly*

1. Lay your ottoman down to attach the legs.
2. Remove the plastic caps and use a 1-1/4" flatwasher (H1) to attach the legs to the ottoman.
3. Once the legs are attached, place the ottoman on a flat surface. If the ottoman is not level, unscrew the shortest leg and add an (H1) washer.

Note: You may have extra H1 washers left over, depending on how many you used to level the ottoman.
